Damage Protection Coverage

Without it, you're responsible for the full cost of repair or replacement for any damage, even if accidental. With the coverage, the most you'd owe would be \$500 or \$1,000.

- **\$35 per day** → \$1,000 max responsibility
- **\$50 per day** → \$500 max responsibility

Super Quiet Generator — \$35 per day for 3500W, \$40 per day for 5000W

Camp anywhere with confidence. If you don't have access to power and want to use the A/C, microwave, or outlets, a generator will let you camp comfortably without hookups. It's easy to use and ready to go. Without it, the camper's battery system powers only essentials like the lights, water, furnace, and refrigerator, and will not recharge (unless equipped with solar).

**21ft and 22ft camper use 3500W, 27ft camper requires 5000W*

Pet Fee — \$100 per rental

Well-behaved pets are welcome for a flat fee. If you want to bring your furry friend(s), you must purchase this add-on. If we find evidence that you had a pet without paying this fee, you will forfeit your security deposit. Pets may not be left unattended in the camper, and renters are responsible for any pet-related damage or excessive cleaning.

Delivery, Setup & Pickup Service — starting at \$300

Skip the towing—we'll deliver the camper to your campsite, get everything fully set up, and return to pick it up when you're done. Does **not** include dumping the waste tanks (see below).

For \$300, we will deliver within 30 miles of 800 Eisenhower Dr, Kimberly, WI 54136. For deliveries beyond 30 miles, we charge \$7.50 per mile and will not deliver beyond 60 miles.

**Minimum 3-night rental required. Delivery is subject to availability. Major event delivery prices may vary.*
